RustPad Document & PDF Studio

Fast · Lightweight · 100% Native Rust · Designed by Nour Yahyaoui

Welcome to **RustPad** — your 100% pure-Rust native desktop studio for creating & editing **Microsoft Word (.docx)** and **PDF (.pdf)** files offline with a calm Paper & Daylight light interface.

1. Core Capabilities at Your Fingertips

- Open, create, format, and save standards-compliant Microsoft Word (.docx) files.
- Export print-ready vector PDFs in one click or open any existing PDF to edit, merge, split, sign, or compress.
- Press Ctrl+K anywhere to launch the instant Command Palette across 35+ tools.

2. Quick Feature Matrix

Studio Pillar	Key Capabilities	Quick Shortcut
Word Studio (.docx)	Paginated A4/Letter sheets,	Ctrl+N / Ctrl+S
PDF Studio (.pdf)	Create PDF, edit text block	Ctrl+E / Ctrl+M
Power Tools	DOCX <-> PDF converter, off	Ctrl+K

3. Try Editing Right Now

[x]Click anywhere on this A4 sheet and start typing

[ ] Use the top bar to switch styles, colors, lists, or insert a table

[ ] Click 'Export PDF' in the top-right to generate a crisp vector PDF
